OVERVIEW

Room 79 is a company manufacturing and designing seats and contract furniture. We produce high quality furniture that meets the comfort and design required by our clients.

Our experience of over 15 years in the high end contract allows us to understand the needs of each project in terms of quality, price and attention to details. We are in permanent contact with our customers to make sure these details are respected and made according to the client needs.

Together with our own collections, we offer a tailor made service, which offers the possibility of adapting our products to the particular requirements of a project. Our team will work with designers and architecture firms to achieve a tailor made product and ensure that our standards of craftsmanship, ergonomics and comfort are maintained. From minor changes in measurements, details on upholstery or special finishes, to the creation of a completely customized piece, we can create a product to meet the demands of your project; we can provide proposals for sketches, renderings, CAD drawings and samples of materials.
